WELCOME AT PRIVATBRAUEREI SCHNITZLBAUMER

Where tradition meets modernity.

Our brewery stands for a classic beer variety, Bavarian products and newly interpreted beer styles.

Regionality is a must - Bavarian raw materials, short distribution channels and personal contact with our suppliers do have a top priority in our family-run brewery. Living our traditions combined with regionality, freshness and innovation is our expression of sustainability, identity and personal commitment.

We look forward to welcome you in our brewery, restaurant or taproom.

Stephanie and Philipp Frauendörfer

Our beer range

LAGERBIER HELL

Mild Bavarian Lager with light hoppiness and a smooth malty taste. Clear, filtrated and light golden colour.

EXPORT HELL

Lager with a presant hoppiness and a taste of malt. Golden colour.

TRAUNSTEINER ZWICKL

A naturally cloudy pale ale, mildly hopped, fresh and drinkable. In the past, this special taste experience was reserved for brewers. Thanks to modern technology, Zwickl is now also available in kegs and bottles.

EXPORT DUNKEL

Dark Lager with a nice dark colour and well balanced natural roasted aromas of coffee and chocolate.

EDEL PILS

Hoppy Pilsener with a composition of different aroma hops from the Hallertau - the largest hop growing area in the world.

EXPORT RADLER

Refreshing beer mix made from 50 % Export Hell and 50 % lemonade. Sparkling and refreshing - original Schnitzlbaumer.

Our beer range

SCHNITZEI WEISSE

The taste is mild, fruity and very fresh. This beerstyle is classically not filtered, so that there is still the yeast inside. A real specialty.

SCHNITZEI WEISSE DUNKEL

Dark wheat beer with fruity-fresh yeast note and aromatic malty flavor. Through classic fermentation and storage fruity, fresh and drinkable with light roasted notes.

BERNHARDUS BOCK

Simple, dark bock brewed according to a traditional house recipe. Specially brewed only once a year with a strong malt aroma. A beer characterized by its drinkability and character.

NON-ALCOHOLIC BEERS

We move with the times and offer you our two alcohol-free beers.

Low in calories and full-bodied, our beers are produced using gentle dealcoholization.

Genuine "Schnitzlbaumer quality" without alcohol.

SEASONAL STYLES

We would like to surprise you with our seasonal specialties. Experience the art of craft brewing, classic beers with a pinch of modernity.

Trick or treat

With our two wine spritzers you have the choice - "sour" mixed with mineral-water or "sweet" mixed with lemonade.

VISIT OUR BREWERY PUB

Experience unforgettable moments in the oldest brewery of Traunstein. In our brewery restaurant and pub - with its unique ambience - we offer traditional Bavarian dishes with a focus on regionality and freshness.

We look forward to your visit!
